us a favor by spreading the  
word!**

Welcome to another edition of Casey's Place News! Our best news of the day is that two new equine friends have joined the Casey's Place gang. A 14 year old Arabian mare named Peace and her 3 month old filly, Ginger. Peace came to us severely underweight, needing immediate veterinary care for her eye infections, teeth and overall treatment for a variety of reasons. Ginger also required emergency treatment for a bad cut on her leg due to rusty metal left in the pasture they came from. Both mom and baby are much better and are in a wonderful foster home where they can be tended to throughout the day. You can see pictures our new friends on our web site...Ginger will be available for adoption as soon as she is weaned over the next few months, Peace may be with us for a while longer until she is healthy and ready to move on. Both horses have extremely sweet dispositions and are beautiful!

Casey's Place is an all volunteer organization and your kind donations are spent directly on the food, supplies and medical care for the animals. While our "Wish List" is always available on our web site, **right now we sure could use more volunteer help with fund raising – particularly folks to help with the Second Annual Casey's Place Golf Tournament to be held this Fall. We are also in need of financial donations to help with the rehabilitative care of the horses, and can always use more volunteers to help with horse care, adoptions, volunteer work days and other tasks.** Please contact us if you are interested in volunteering. Donations can be sent to our P.O. Box or we now have PayPal available on our web site. As always, we appreciate your support.

**Speaking of volunteering, we will be having a volunteer work day at Casey's Place on Saturday, July 7, starting at 9:00am.** We'll be cleaning up the pastures, grooming horses and other fun stuff – please contact us if you would like to join in – we'll even feed you after the work is done.

Casey's Place continues to be a proud member of the Coalition for Animal Welfare/West Central Florida, Inc. The Coalition was founded in July, 2005 and is made up of non-profit organizations whose mission is to "Work Together to Save and Improve the Lives of Companion Animals." The Coalition is focused on the following goals:

1. An effective spay/neuter program to reduce the overpopulation of animals
2. Education of the public on topics relating to animal welfare
3. Stopping animal cruelty and abuse
4. Disaster relief

This year, the Coalition participated in Spay Day USA, Hernando County Fair, Pet Expo, Paws in the Park and Operation PitSnip to educate, encourage and implement low cost spay/neuter and microchipping programs.

I'll write again when we have finalized the details for Second Annual Golf Tournament. Please visit our web site and check out the photos from the 2006 event. It was a great success and lots of fun. We hope you will join us again next time!

Many thanks to all for your kind donations and hard work!

Debra McPherson  
Executive Director
